Macro Maison 講好價錢的傢俬

With DAAS and Verinlegno support, the Macro Maison team accomplished an epic change:

switch from solvent-based to waterborne paint.

A great effort as part of a long term vision where environmental sustainability and safety are top priorities.

PARTNER

Daas & Partners

We use waterborne paints.

The **STRAUSS** furnishings are designed by YEONG JIN to be oriented towards every person for all needs, referring to the lifestyles in Taiwan.

The **Macro Maison** project started in 2006 to sell not only furniture but also an attitude to create better interior space with esthetics. The Macro Maison team is still working to help people create esthetics sensibility and fine interior, with open-mindedness and gratitude.

PARTNER **D&P** Daas & Partners

We use waterborne paints.

WATERBORNE PAINT

- Low VOC emissions
- Less impact on the environment
- Low odor
- No flammable solvent
- Excellent durability
