

TO WHOM IT MAY CONCERN

We hereby declare, under our sole responsibility, that the water-based coating products manufactured and supplied by DAAS & Chemicals S.p.A., when intended for application to wooden packaging, are designed and manufactured to comply with the requirements concerning heavy metals laid down in Article 5 of Regulation (EU) 2025/40 on packaging and packaging waste (PPWR).

Based on the information available from our raw-material suppliers, our formulation data and our manufacturing controls, the sum of the concentrations of the following heavy metals:

- lead (Pb);
- cadmium (Cd);
- mercury (Hg); and
- hexavalent chromium (Cr(VI))

does not exceed 100 mg/kg by weight (100 ppm), in accordance with Article 5 of Regulation (EU) 2025/40.

Additional supporting evidence is provided by testing conducted in accordance with EN 71-3:2019+A2:2024 – Migration of certain elements.

This declaration is based on the information currently available to DAAS & Chemicals S.p.A. on the date of issue and applies to the products listed above in their original, unmodified form and current formulations.

Should further information be required, please do not hesitate to contact our Technical Department at chemicals@daassrl.com.
